

→ The Robust Solution

SoftLine Express

 **WashTec**

*Simple, robust
technology for maximum
vehicle throughput*

SoftLine Express

SoftLine Express combines robust simplicity and long-lasting performance for use at high conveyor speeds

- For car washes handling a very large number of vehicles
- Designed to be long-lasting, reliable and simple

- Optimised for high conveyor speeds
- Complete, modular range of aggregates
- Tried-and-tested hydraulic technology and robust stainless steel construction

Brush station

→ Two textile side brushes and one textile roof brushes are compactly integrated in a durable, sand-blasted stainless-steel frame.

→ Shaped textile brushes for perfect cleaning of the sides.

→ Contoured textile side brushes for a thorough wash. Each washer moves across the centre of the bonnet to ensure optimum cleaning.

Hydraulic technology

→ Tried-and-tested, compact hydraulic motors for all brush drives.

→ The number of hydraulic pumps matches the performance requirements of the drives.

→ The hydraulic motors are integrated into the design in a simple manner that protects them from damage.

Washing and drying

→ Contour-tracking high pressure unit for front, side and rear washing period. Mounted on the roof washer to save space.

→ Textile side brushes with a contoured design for effective removal of residual water droplets.

→ Intense high pressure from the side through spot jets for cleaning the area of the wheels and sill beam.
